**Commissioner for Patents**

The amendment filed on 4/2/09 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The examiner notes that in a response on 1/27/09, applicant elected Group VI, drawn to a composition comprising a polyester urethane and filler material. The remaining claims are not readable on the elected invention because they are drawn to a method comprising administering an uncured castor-oil based polyurethane bone scaffold composition in or near a bone defect, which is distinct from the originally elected invention. The examiner contends that the composition of the presently elected claims can also be used to reinforce surfaces or sheets for tub-shower enclosures or spas. See MPEP § 806.05(h). The examiner notes that currently the record is not clear on what invention applicant is electing.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to RACHAEL E. WELTER whose telephone number is (571) 270-5237. The examiner can normally be reached 7:30-5:00 Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sharmila Landau can be reached at 571-272-0614. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
